Gateside – Joint Partnership

The partnership between Lothian and Borders Police and the City of Edinburgh Council remains a crucial part of the strategy to tackle anti-social behaviour in our communities and has recently been strengthened by the creation of a new Police Safer Communities Unit (SCU).

The unit has six police officers for the West Neighbourhood Area, of which Kirkliston is a part. Gateside is one of the first communities to benefit from this partnership. On 23 October, as part of 'Operation Ally', 10 police officers from the Safer Communities Unit and Youth Action Teams visited the Gateside Estate. Each officer was teamed up with a colleague from the Council's West Community Safety Team and Environmental Wardens. Residents were asked about issues of concern and were given information packs with contact details for the West Neighbourhood Team. Police officers gave crime prevention advice and Lothian and Borders Fire and Rescue Service were also present to provide fire safety information and to arrange follow up visits to fit smoke alarms, where appropriate.

On Tuesday 20 November, the Operation Ally team visited South Queensferry High School. More than 50 young people from the estate attended and filled out questionnaires, outlining what they thought were the benefits and drawbacks of where they lived. They were then offered community safety and environmental advice from the Environmental Wardens and Police.

With the help of the Gateside community, both the Police and Council have now established issues of concern, aiming to solve the problems together. The team welcome any query or suggestion from local residents and can be contacted at the Community Safety Surgery at Kirkliston Local Council Office on Wednesdays between 2pm and 4pm, on 0131 529 7440 or by email at westteam@edinburgh.gov.uk
